

September 24, 2021

Dear Members,

This week there have been multiple messages and questions in our youth soccer community about the status of the EDP League Cup 2021/2022. In the past, this event has been known as the NY Cup.

As a management company, New York Club Soccer has been retained by EDP Soccer to administer the EDP League Cup 2021/2022 in Eastern New York.

Hundreds of teams serving thousands of youth players have registered to play in the EDP League Cup 2021/2022. The intent remains for these teams and players to have the opportunity to play in the EDP League Cup 2021/2022, an event they have selected as part of their soccer year activities.

To develop a solution to the current situation and the confusion that exists, discussion is taking place, including with the leadership of Eastern New York Youth Soccer Association.

Thank you for your cooperation, understanding, and patience as we work through this situation. An additional update will be provided within a few days. Again, we all want teams and players to have the opportunity to play in the soccer activities they choose.

Thank you,

Gary Grossman

President, NYCS
