

NY CLUB SOCCER UPDATE

NY League Cup NEWS

New York Club Soccer (NYCS) in conjunction with SAY Soccer, the US Soccer affiliated national governing body, will offer the NY League Cup, sanctioned by SAY Soccer, during the 2021/2022 soccer year.

Teams currently registered for the EDP League Cup 2021/2022 will automatically be entered in the NY League Cup, which will replace the EDP League Cup 2021/2022. No additional fee will be charged. The competitive format remains the same. Teams in the top division that win their age/gender bracket will still receive an invitation to in a post NY League Cup event in June 2022 at no extra cost.

SAY Soccer has notified the ENY State Referee Assignor that the NY League Cup is sanctioned and, therefore, referees will be assigned for NY League Cup games.

In addition, New York Club Soccer (NYCS) has purchased insurance for all participants in the League Cup. NYCS can also provide a Certificate of Insurance for fields/facilities being used for the NY League Cup games if needed, yet not necessary as SAY Soccer has provided the Certificate of Insurance declaration page for your reference. It can be found on the newyorkclubsoccer.com website.

There have been confusing reports in the soccer community about this event during the last few weeks. The details provided in this message should clarify the situation for all participants.

Please begin scheduling your matches!!!!
